

THE FERTILIZER ASSOCIATION OF IRELAND

Membership Benefits

The Fertilizer Association of Ireland was established in 1968 to:

“Promote the efficient use of fertilizer to produce quality food in an economical and environmental sustainable manner”

Members from all aspects of the fertilizer and agricultural industry are always welcome.

Membership benefits include:

Individual benefits:

- Attendance of field meetings
- Reduced rate admission to Scientific Conferences
- Proceedings of Scientific Conferences
- Invitation to annual dinner
- Opportunity to network with key people from industry, trade, advisory, research and farming sectors

Benefits to the industry:

The Fertilizer Association of Ireland has always been an active representative body for the fertilizer industry on issues such as the environment. The association is also active updating all members on technical information on fertilizer usage

Membership rates:

- €25 Individual
- €100 Business (single-branch; up to 4 nominated members)
- €250 Business (multi-branch; up to 10 nominated members)
